Initiatives for Sustainable Growth

Terumo Corporation
President and Representative Director
Yutaro Shintaku

May. 8, 2015
Update on The “Roadmap to FY16”

- Secure a foothold in FY13-14
  - Transformed product portfolio of Hospital and Laboratory Business in Europe
  - Closed the factory for blood bags in Changchun, China

- Achieve FY14 guidance
  - Achieved record-high operating income thanks to the sales and profit growth in Cardiac & Vascular

- Target OPM 20% by FY16
  - Profitability improvement of Blood Management and General Hospital holds a key.

*1 OPM Target in FY16

*1 Excl. amortization of goodwill and intangibles with related to the acquisition of CaridianBCT
Proactively Addressing Environmental Changes

- Respond to environmental changes in corporate governance
  - Transition to “a Company with an Audit/Supervisory Committee” based on the Act for the Partial Amendment of the Companies Act
  - Comply with the Corporate Governance Code
    ⇒ Both initiatives aiming for enhancing growth-oriented governance

- Strengthen global management infrastructure
  - Introduce 6 CXO positions. Business-led management and CXO structure are the two wheels of a cart.

- Overcome foreign exchange fluctuations
  - Optimize product portfolio and production footprint
